COOK

Party Failed to Reach Top

Got 11,000 Feet Above Sea Level

WHEN STOPPED BY A HUGE GRANITE WALL.

SIGNS OF WINTER WERE AT HAND

So the Party Abandoned the Trip and Returned to Valdez, Alaska, Says This Dispatch.

As announced in yesterday's Advocate the party headed by Prof. W. G. Tipton, formerly of Granville, and Miss Annie Peck, failed to reach the summit of Mt. Sorata, Bolivia, though they reached a height of nearly 17,000 feet. The peak is supposed to be about 22,000 feet above the sea level. Dr. Cook and party, according to the following Advocate telegram from Seattle, have also failed to reach the top of Mt. McKinley:

Seattle, Wash., Oct. 3.—Advices from Valdez, Alaska, report an unsuccessful attempt to scale Mount McKinley by Dr. F. A. Cook and party of explorers of Brooklyn. Dr. Cook states that on September 4 they attained a height of 11,000 feet on the southwestern side of the great slope and at that point were stopped by a granite wall which extended 5000 feet above. A thorough search of the entire western side of the mountain for a route to the summit failed in results. Signs of winter being well advanced, the explorers were forced to a point where they could get out of the country without horses and they crossed McKinley range, traveling over unknown territory 45 miles northward, swinging eastward at every opportunity. On the 9th of September they crossed the divide through a new pass at an elevation of 6,000 feet, camping in the valley of Chulitna. Hope was entertained that another attack of the mountain could be made from the eastern side. A forced march was made down the valley, the river having to be forded and swam many times, until the horses were abandoned.

Anti-Semite Mob Meets Resistance

CHRISTIANS IN MEHOMIA SLAIN.

Only Ten Men Escape and Report the News—A Sanguinary Fight With the Turks.

Vienna, Oct. 3.—Further details of the massacre of Jews at Mohileff, near Kishineff, were received today. The Jews, forewarned of the trouble, stayed in their homes and barricaded them. The peasants attacked the homes, which were defended. The police attempted to stop the fight, but were helpless. The Jews were driven from their homes and 300 were killed, while 100 peasants lost their lives.

Berlin, Oct. 3.—Advices from the Russian frontier reaching Berlin report a sanguinary fight between the Jews and anti-Semites at Mohileff, Thursday. The Jews received warning that they would be attacked on Atonement day and armed themselves. Instead of a massacre there was a fierce fight, the Jews defending themselves admirably. Three hundred Jews and 100 anti-Semites are reported killed and wounded. In view of this report diplomats here speak with indignation of the fact that in the memorandum presented to the Porte by Russia the latter demands a cessation of excesses by Turks in Macedonia, insisting upon punishment of the offenders.

MOSLEMS MASSACRE

The Entire Bulgarian Population of the Town of Mehomia.

Sofia, Bulgaria, Oct. 3.—At the Macedonia revolutionary headquarters it is asserted that the whole Christian population of the town of Mehomia (Razlog), Province of Seres, was massacred September 28, with the exception of 10 men, who escaped with the news.

Mehomia is an important town and the seat of the local government. The population was about equally divided between Turks and Bulgarians. The latter numbered 3,200 persons. According to the fugitives, when the general rising was declared in the Razlog district, the Turkish troops in the Pirin mountains hurried to Mehomia and surrounded the town, rendering the escape of the Christians impossible. The Bulgarian population were prepared to join in the rising, several insurgent agents being in the Bulgarian quarter of the town at the time. Desperate fighting occurred in the streets, bombs and dynamite being freely used. After fighting for five or six hours the Turks gained the upper hand and proceeded to massacre the Bulgarians.

Five engagements are reported to have taken place in the vicinity of Kenatovo, where 5,000 Turks were attacked by revolutionary bands, and, though many Turks were killed, the insurgents were routed. One of the leaders of the latter, Lieutenant Tomcheff, committed suicide in order to avoid capture.

Advices from the insurgent headquarters assert that 6,000 Turks were routed by 2,000 insurgents in the Pirin mountains after four days' fighting. The Turkish losses in this affair are said to have been the heaviest during the whole outbreak. They included three colonels and many officers of lower rank. Three batteries of siege artillery left Sofia early this morning for Haskovo, near the frontier of Adrianople vilayet.

PRETTY WOMAN MADE BURGLAR CALL POLICE

At the Point of a Revolver She Compelled Him to Use the Telephone.

MISS MATTIE DENWAY.

St. Louis, Oct. 3.—Mrs. Mattie Denway, a pretty young matron, not only captured a daring burglar at the point of a revolver, but forced him, under threats of being shot, to call the police.

Mrs. Denway's home at 1610 Washington avenue, has been robbed twice. When from her drawing room, she saw a strange man, in his stocking feet, creeping up stairs, she seized a revolver and crept up, too.

Mr. Burglar was bending over her dressing table.

"So sorry to bother you, but will you just step down stairs," she said. The man turned. The revolver was held perfectly level at his head. His glance took in one small finger on the trigger, then her clear brown eyes and firm lips. He started.

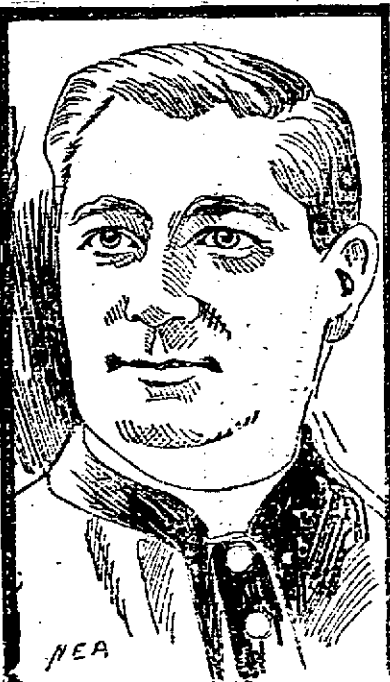

"It's such a bore, but really, will you call the police station over the phone there?"

The man hesitated. "I'm awfully nervous, and this trigger is a hair one," remarked Mrs. Denway, apologetically.

The burglar obeyed. Then she ordered him to sit down and kept him covered with the gun until the wagon rattled up.

"Glad I'm glad to see you," he said to the sergeant of police. "It seemed a year since she put that gun on me."

CROOK

Who is Known by Many Names

Placed Under Arrest At Denver

OPERATIONS NETTED HIM HALF MILLION IT IS SAID.

WOMAN MADE ACQUAINTANCE

Of Bankers Who Were Swindled by Bell—Mail Pouch Stolen at Philadelphia.

New York, Oct. 3.—Word comes from Denver that F. H. Crosby, alias A. E. Bell, alias Hammond, alias Crawford, had been arrested in Denver, accused of stealing a mail pouch containing \$500,000 worth of negotiable bank paper at Philadelphia on the night of September 5. He is charged with several other crimes, including swindling and forgery. It is alleged that Crosby returned to this country from Crowe, England, last summer, and went to Asbury Park, where he represented himself to be a fruit speculator. His wife mingled in good society and introduced her husband to prominent business men and at the banks there, where he made deposits, declaring to the officials that he intended to continue his accounts for the summer months.

On September 10, it is said, he deposited a number of checks payable to his order, drawn on different Philadelphia firms. Two days later he closed the accounts, withdrawing the amounts due him. He and his wife then left Asbury Park.

About this time, it is said, W. W. Dickson, chief postoffice inspector of Philadelphia, discovered the theft of a small pouch containing bank remittances from Philadelphia to Pittsburgh, the entire amounts being estimated at \$500,000.

It is alleged that during the last ten days complaints were received at Asbury Park banks that checks accepted by them had been tampered with; that the names of the payees had been erased and Crosby's name inserted, and that small amounts had been raised to larger ones.

It was recalled that a mail pouch had been stolen at Springfield Junction, Ill., last April, and that an A. E. Hammond had opened a cash account at the Lincoln Trust company, St. Louis, depositing a number of altered checks from the stolen mail pouch. It was suspected that the mail pouch robbery was committed by A. E. Bell, alias Crawford, whose photograph was identified by the officials of the St. Louis bank.

Investigation at Asbury Park developed that Crosby was none other than A. E. Hammond, alias Bell, alias Crawford. Postoffice Inspector Jacobs traced him to Denver, where he was arrested last night.

Crosby is suspected of committing numerous postoffice robberies in New York, Buffalo and other cities. He is said to have made a big haul in Buffalo some time ago when he disguised himself as a railway porter.

In 1894 Crosby is said to have been arrested in New York while trying to cash a \$1,200 check with a Maiden Lane jewelers, and to have been sent to Elmira Reformatory, from which he was released in 1897.

Through an agreement with the postoffice Crosby will be surrendered to the St. Louis police to stand trial on a charge of swindling.

Crosby is said to have been arrested in New York in the company of "Kid" Foster, a Peoria pickpocket, while they were attempting to cash a draft for \$425 with Marcus & Co. jewelers. It was afterwards learned that the draft offered by Crosby had been stolen from a mail pouch in the New York Central station at Buffalo. For this crime he was sentenced to five years in Auburn prison. Crosby also served a three years' term in the prison at Jefferson City, Mo., for a similar offense.

The woman who passes as Mrs. Crosby is said to be a Western woman, and has shown considerable skill in obtaining introductions at banks. Crosby hails from Kansas City.

Hamilton, O., Oct. 3.—Judge Belden rendered his decision this morning in the new trial of Samuel J. Keelor, who killed his wife with a hammer and saw blade knife on February 15 at his home here. Keelor was found guilty of murder in the first degree by a jury some months ago and was granted a new trial. About three weeks ago he was arraigned again and pleaded guilty to first degree murder and the hearing of witnesses before Judge Belden took place without a jury. The argument was continued until yesterday morning. Judge Belden this morning finally rendered his decision and sentenced Keelor to the penitentiary for life for second degree murder. The decision states that owing to the previous good character of Keelor the first degree murder plea was changed to second degree.

Escaped Injury
As Isaac Myers and Miss Nellie Laughman, well-known young people residing in the eastern part of the county, were driving to the fair on Friday, their horse frightened at an engine on the traction line east of this city and suddenly shied to one side of the road, overturning the buggy and throwing the occupants out on to the ground, both, however, escaping serious injury.

Mayor Weed in Town.
Alonso Weed, the former mayor of Anceville, Ohio, who recently quit the job and who has been occupying a prominent place in the papers, is in Newark this afternoon. Mr. Weed's case was up before Gov. Nash but it will be remembered the Governor took no action in the case. Weed, the diminutive mayor, was elected as a joke, it is alleged.

COUNTY FAIR

The Licking county fair of 1903 will go down in history as being one of the most successful in the history of the society. Mr. Farmer, the secretary, on behalf of the society, desires to thank the people of the entire county for their generous patronage and assistance in making the fair the success it proved to be. The attendance Friday was larger than it has been for years, it being estimated that fully 15,000 people were on the grounds. The new feature of the entire fair which was not carried out exactly as advertised by the Board of Directors, was the failure of Billy Rogers to make his balloon ascension. But then it was not altogether Rogers' fault, for he surely tried hard enough to go up in the balloon which finally caught fire and burned. When the contract was made with Rogers to make the ascension the balloon was said to be in good condition, whereas it proved to be an old one weather beaten and imperfect, and the only wonder is that Rogers was not killed in trying to go up.

For Chairman Dick to say that he will ignore the challenges of Clarke and Johnson for debate with Hanna and Herrick does not settle the contention as to the prevailing unequal taxation. That still obtains and will persist if Herrick is elected governor and a legislature favorable to Hanna is returned.

Remember that you must be registered in the ward in which you now reside or you cannot vote in November. The first registration day will be Oct. 8, and if you are not properly registered you should attend to it on that day and thus avoid the rush that is inevitable towards the close of the specified dates.

Rather bold intimations are given that Mr. Hanna's ship subsidy scheme is to be launched again at the approaching session. Nothing exhibits so high an order of statesmanship as drafting a measure to distribute the surplus, taken from the pockets of the people and representative of their toil, among some owners of shipping lines. In that 40 years' business experience of which McKinley's friend and blubbers he must have learned the principle that nothing pays so high a profit as when you get something for nothing. Mr. J. P. Morgan looks on the promised revival of the bounty bill as evidence that things are coming his way again.

To spoil a lot of Democratic thunder by a congressional investigation of the postal frauds, it is announced that the Republicans of the coming congress will undertake the investigation on their own account. Assuming that the disclosure of varied forms of fraud and corruption have been made by legal and other investigations started by President Roosevelt and the postmaster general, it is difficult to see how matters can be moved by a congressional investigation undertaken by Republicans in the interest of that party. The purpose is too openly avowed to be one of whitewash. If it silences "Democratic thunder," how will it operate on republican criminality? Can that be suppressed in view of what has been made known? A leading Washington correspondent explains that "it is realized that the developments of the last six months have created an impression that the postoffice department is honeycombed with 'graft' and 'grifters,' and that the party in power must clean the household." As the postoffice department, with its immense outlays and income, has been under republican control, in root and branch, since March, 1897, it will not be difficult to fasten the chief measure of responsibility for the corruption in contracts and favoritism in patronage.

REFUSAL

OF HANNA TO ACCEPT CHALLENGE FOR DEBATE

Is Showing the Weakness of His Cause.
Republican Efforts to Confuse Campaign Issues.

Columbus, Oct. 3.—The Democratic state executive committee is in receipt of very favorable reports of the campaign from all parts of the state. There is no doubt that the arduous work being performed by Mayor Johnson and John H. Clarke is as satisfying to the Republicans as it is satisfactory to the Democratic managers. The audiences under the big tent have eclipsed everything in Mayor Johnson's experience this year, not only in numbers, but in the interest displayed. The executive committee watches this phase of the campaign very closely and tries to get as much information from unprejudiced sources as from Democratic enthusiasts. All reports agree on the proposition that the Johnson-Clarke campaign has thus far been successful beyond expectation. This is also admitted, but not for publication, at Republican state headquarters, where Chairman Dick and Secretary Malloy are at a loss to understand why their early prognostications of the Johnson campaign have not been borne out by events.

Mr. Johnson's appearance in Franklin county has been a signal for a re-ignition of Democratic forces in central Ohio. Conditions prevailing here are now much more favorable than before the Democratic leader felt the public pulse in this section. Prospects of the election of the county ticket in this county have been much improved during the past few days. George J. Karb for sheriff seems almost certain to be elected by a rousing majority calculated to carry the entire legislative and county ticket with him. During the same period considerable disaffection has manifested itself among Republicans in this section. The Foraker people are not enthusiastic for their senatorial, state or county tickets and it is hinted that this condition exists among them very generally throughout the state. It is said that information to this effect has also come with emphasis to General Dick at Republican state headquarters and that he has taken alarm over the situation. This is said to have been very largely the occasion of his recent trip eastward and his subsequent flying visit to Senator Hanna at Cleveland. In regard to Hanna it is reported on the best of authority that he will not be able to take an active part in the campaign for any great length of time. The senator is really in feeble health and it would not surprise his friends if he should retire permanently from politics shortly after the first of next January, whether he is re-elected or not. His inability to make the showing desired of him in the campaign is perhaps more disappointing to the Democratic managers than to the Republicans, because the former would like nothing better than to have him constantly on the stump in order to keep his utterances and his record daily before the public.

The state Democratic organization in the various counties has been substantially perfected and all the counties will be thoroughly organized within the next ten days. The Republicans for some time have been industriously circulating false reports as to what was intended in this regard, asserting that the regular Democratic county organizations are to be arbitrarily superceded by personal representatives of Mayor Johnson. This is emphatically denied at Democratic headquarters and there are no facts to substantiate it anywhere.

Mr. Bryan will be in the state during the next few days and make his last appeal for a united support of the whole Democratic ticket and the platform. It is understood that he will spend most of his time in the northwest, but he will hold a conference with Mayor Johnson at Cleveland and perhaps come also to Columbus to consult with Chairman Salen and the other managers at the Democratic headquarters. There is no doubt that Mr. Bryan is deeply interested in the result in Ohio this year, and it is felt that his influence will be as powerful as ever in determining it.

The ludicrous position in which the Republican candidates for senator and governor have been placed by their refusal to meet the Democratic candidates in debate has had a remarkable influence in pointing out the weakness of the Hanna cause. It is said that strong influence was brought to bear upon Hanna and Herrick from some sources to have them accept Chairman Salen's proposition, but it was found to be as difficult to shove Hanna in the direction of Clarke, or Herrick toward Johnson, as it would be to move the Egyptian pyramids into the Red sea. From this time on the Republicans will try to distract public attention from their humiliation caused by their inability to meet the Democratic candidates in debate by howling "prosperity," "stand pat," "let well enough alone," and other characteristic phrases from every stump in Ohio. For this purpose they will import an unprecedented number of foreign orators and will parade enough bands and let off enough fireworks to confuse the real issues of the campaign if it is possible to do so. The Democrats will stick to the text, however, and, with the lucidity of their arguments, it is likely to be demonstrated in Ohio this year as never before, "that you can't fool all the people all the time."

GORMAN

Is Steadily Gaining as Candidate for Presidential Honors, Says Walter Wellman.

Washington, Oct. 3.—Walter Wellman telegraphs the following to the Chicago Record-Herald:
Senator Arthur P. Gorman appears to be forging to the front as a candidate for the Democratic presidential nomination next year. According to the talk heard among prominent Democrats here at the national capital, Mr. Gorman is steadily gaining strength. No one is as yet so rash as to predict his nomination, for it is manifest that the field is full of all sorts of uncertainties and possible surprises. But his friends believe that today he stands a better chance for the nomination than any other man. There is more and more talk of Gorman in the East and South. During the last month quite a number of well-known Southern Democrats, including Senator Bailey, of Texas, and Clark Howell, of Georgia, have spoken openly for Gorman.

The Maryland senator's own state would have made him its favorite son by starting his boom at the recent Democratic state convention at Baltimore had not Mr. Gorman himself forbidden it.

The attack was unexpected, as Lung suddenly appeared from an alleyway and began shooting. Five of his shots took effect.

The police believe that the shooting was the result of a gambling quarrel.

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Accept no substitute for Hood's. "I had dyspepsia twenty-five years and took different medicines but got no help until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no distress." Mrs. WILLIAM G. BARNETT, 14 Olney St., Providence, R. TRAINMEN TOOK RED WINDOW SHADES FOR DANGER SIGNALS

THERE WAS GREAT CONFUSION UNTIL THE GREAT PENNSY REACHED DOWN INTO ITS POCKET AND BOUGHT MRS. SEANOR SOME GREEN ONES.

Pittsburg, Oct. 2.—Mrs. Airam Seanor, of Irwin, had red shades on the windows of her home. The Pennsylvania railroad company did not like them and told her so. Then Mrs. Seanor told the great Pensy that if it did not like the color of her window shades to buy her something else. Now she has the prettiest green shades on her windows that money could buy.

It was this way: Mrs. Seanor's home fronts along the railroad tracks, the west gable being directly in the path of a tangent which touches a sharp curve scarcely 100 yards away.

The red shades on the windows of this gable annoyed the trainmen constantly. They took them for danger signals and frequently stopped their trains. Hence the purchase of green window shades by the Pennsylvania railroad company for Mrs. Seanor.

WEHRLE HOUSE DRAWING

Miss-Mary C. Moull Held the Lucky Number 622--
Fifty Subscribers Present When Drawing Took Place Friday Evening.

The drawing for the Forry brick house, in the new Wehrle addition, participated in by subscribers to the lots in that addition, took place in the mayor's office Friday night. About fifty interested persons were present. The numbers were drawn by Miss Bernice Hatch, daughter of Mr. and Mrs. A. C. Hatch, each number being enclosed in an envelope. It was announced that the number contained in the thirteenth envelope drawn should be declared the lucky number, and its holder would be awarded the \$2,500 prize.

Miss Hatch drew the numbers as follows.

996, 425, 830, 862, 384, 436, 734, 427, 898, 469, 210, 495, 622.

The number 622 was the thirteenth, and the holder, Miss Mary C. Moull, will be given the valuable house and lot.

Miss Moull lives on Moull street and said this morning that she would keep the property and rent the house. She became a purchaser of one of the lots in the new addition because she thought it would be a good investment to own property in this growing section of the city. There was also a little sentiment in her lot purchase, as it was part of the farm formerly owned by Daniel Forry, Miss Moull's grandfather.

Miss Moull told The Advocate Saturday that it was in this house that her mother lived until the time of her marriage.

The drawing Friday night was in charge of a committee consisting of Messrs. W. A. Veach, L. P. Schaus,

Hooper Franklin, J. A. Flory and C. L. V. Holtz.

The eleventh envelope contained two numbers, 210 and 195. One of the subscribers in drawing had enclosed two cards in one envelope, but, as announced at the beginning of the drawing, the thirteenth envelope would be the lucky one, these two numbers counted as one. The churn from which the numbers were drawn contained 1,083 envelopes, each subscriber having been given one chance with every \$50 paid on a lot.

The Board of Trade sold these lots last winter in order to secure for Newark the mammoth Wehrle stove foundry now building in West Newark. Mr. Wehrle is not only carrying out his agreement, but is doing much more, and will build a much larger plant than first planned. It is said that the Wehrle company will have 2,000 employees in the big foundry—the largest in the world.

A few thought last winter that the price of the lots was a little high, but within the past few weeks several of the lots have been sold at the price paid last winter. After a few more houses are built and after the foundry begins operations with a full force the lots will no doubt advance in value. Lot buyers not only got their money's worth when they bought the lots, but they helped to secure for the city this great industry which will prove of lasting benefit to this hustling, growing and prosperous city.

The house drawn by Miss Moull stands just east of the new Wehrle foundry, near the creek.

AMUSEMENTS.

"York State Folks" Arthur Sidman's new pastoral play, which will be seen at the Auditorium Monday night, October 5, for the first time here, is said to be unique among rural dramas, in that it lacks that trio of supposedly essential features—a villain, a mortgage and a male quartet. "York State Folks" possesses a well-defined story with plenty of heart interest, out it does not rely on out and out villainy, the woes of debt or the old farm yard songs to help it along. It is not a type of the "barn yard drama," but rather a simple story of village life, imbued with all the serious interest and all the genuine humor of reality. Many of the characters are said to be new to the stage, particularly some of those who contribute to the humor of the scenes. The company engaged by Manager Wright for the production is a notable one, and the scenic investment is said to be the most ambitious of any presentation of this character.

OUR NEW MINISTER.

Denmar Thompson and Geo. W. Ryer's greatest of all pastoral plays, "Our New Minister," which was one of the positive hits of last season at the Auditorium, is announced for Thursday, October 15. There isn't much doubt of the business "Our New Minister" will do on this occasion, its return is being so well heralded that there will not be an empty seat when the attraction comes to town.

NEXT WEDNESDAY.

"Arizona" comes to the Auditorium next Wednesday night, October 7.

VERNA MAY.

The week's engagement of the Verna May company will close tonight at the Auditorium.

SPLENDID NERVE

Shown by Former Zanesville Woman
When Team Ran Away on Crowded Canton Street.

Mrs. C. C. Horton, wife of the former owner of the Clarendon Hotel, at Zanesville, who has many friends in Newark, had an exciting time Thursday at Canton. The following tells the story:

Canton, O., Oct. 3.—Tugging the reins like grim death, showing remarkable presence of mind, Mrs. Charles C. Horton, wife of the proprietor of the McKinley hotel and prominent in society, saved herself from serious injury in an exciting runaway on the public square Thursday afternoon.

While the team was being driven through the square along North Market street one of the horses fell. Becoming frightened, the other animal started to run away, dragging the fallen horse along with it. Mrs. Horton clung to the reins and made a heroic effort to stop the frantic animal, which finally became disentangled from the harness, breaking the singletree.

Spectators rushed to the rescue and the horses were brought to a standstill. It was not until they were quieted that Mrs. Horton dropped the lines and stepped from the carriage.

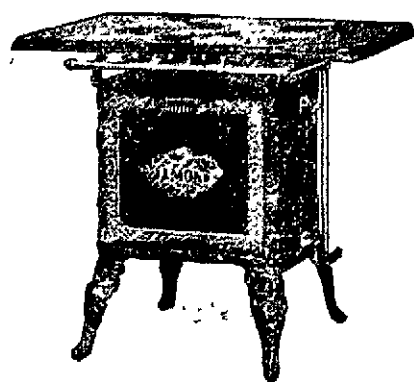

The Licking County Creamery respectfully requests its patrons to promptly return all empty milk and cream bottles. This is necessary that the company may render good service.

SANITARY.

Condition of Newark is Good—Absence of Contagious Diseases—General Health First Class.

In continuation of the item published a few days ago concerning the general good health of Newark at the present time, The Advocate is authorized by the city health department to make this additional statement.

Newark City is in a most excellent condition in regard to the general state of the public health and the general sanitary condition of the city. The only case of smallpox that has been in the city for months—and that was a light one—was discharged as completely cured a week ago, and the city at present is entirely free from that dread scourge.

In addition there is only one case of diphtheria and one case of scarlet fever in the city at the present time. There is no epidemic of any kind in Newark, and a general good state of health prevails, the city also being cleaner and in a better sanitary condition than it has been for years. The Advocate cannot refrain from saying that too much credit cannot be given to the board of health, to the city health officer and to the sanitary policemen for this excellent condition of things.

YOUR SUCCESS

To life and health largely on a health. There are many ways to get rid of a stomach, but the best way is to take Hostetter's Stomach Bitters. It has cured thousands of cases of indigestion, dyspepsia, and other stomach troubles. It is a pure, natural, and powerful medicine, and it is the only one that will cure the stomach without doing any harm to the system.

LOCK CHURCH
AGAINST NEW MINISTER SENT BY CONFERENCE.
Evansport Methodists Angered by the Removal of Pastor Refuses to Accept New One.
Defiance, O., Oct. 3.—The congregation of the Evansport M. E. church have padlocked their church doors and refuse to open them to Rev. Mr. Sowers, recently appointed pastor at the Central Ohio Methodist conference, to hold services.
The members are indignant because Rev. Mr. Spyker had been removed at the solicitation of a few who were his personal enemies.
Resolutions were adopted declaring "that the church doors shall remain locked until Rev. Mr. Spyker is returned, even if that time be a year hence."
Presiding Elder Bethards is at the seat of trouble, attempting a settlement.
Rev. Mr. Spyker was sent to Pemberville.
IT'S IMPOSSIBLE
To Disprove Facts.—It is Decidedly Easy to Verify Newark Opinion.
Nothing by way of introduction could be added to the experience and opinions given below, which could increase their value. Newark people can be safely left to draw their own conclusions based on such convincing evidence as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?
Mr. F. Lisey of Lisey & Fink commission merchants, says: "I was distressed and annoyed by a pain in my back just across the kidneys. It was rendered more acute every time I was called on to stoop or lift anything. Treatment at different times failed to afford me relief and at last I stopped using medicine and went and got a package of Doan's Kidney Pills at Crayton's drug store. Their use proved effectual and my back has remained sound ever since I took the treatment. I have as a natural result no hesitancy in allowing my name to be used in recommending them."

LOCKJAW
Causes Death of Two Indiana Children Who Were Vaccinated.
Marion, Ind., Oct. 3.—Laura Mayhugh, 11 years old, died yesterday evening of lockjaw, as the result of vaccination. Physicians say the tetanus bacillus was not contained in the virus, but gained entrance through the open wound of the vaccination.
Mark Hamaker, 14 years old, died this morning of cancrum, as the result of vaccination. It is said a bruise of the vaccinated arm caused the disease. The county board of health recently issued an order that all school children must be vaccinated or they would not be allowed to enter school.

Only a Very Few Published.
It is not possible for the proprietors to publish more than a very few of the numerous letters received in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and telling of its remarkable cures. They come from people from every walk in life and from every state in the union. The following from Mr. T. W. Greathouse, of Prattsburg, Ga., speaks for itself: "I would have been dead now but for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me of chronic diarrhoea after seven years of suffering. I can never say too much in praise of that remedy." For sale by all druggists.
OBJECT TO BEER BOOMING
Alva, Okla., Oct. 3.—The Women's Christian Temperance union of Oklahoma objects to Secretary of the Interior Hitchcock riding in the private car belonging to a St. Louis brewer. At a territorial convention, a set of resolutions was adopted which censured the secretary as follows: "Whereas, The secretary of the interior, while on his tour through Indian Territory and Oklahoma, traveled in the private car of a brewer, and while in hotel, distributed beer, and whereas, There is on our statute books an act to prohibit the sale or giving away of beer or any other intoxicant, without a license, therefore be it resolved, by the Women's Christian Temperance union, that we protest against the secretary of the interior or any other of the President's cabinet advertising any brand of beer, when traveling, by accepting the private car of any brewing firm."

IF YOU ARE SICK
And need medicine for your Kidneys, Liver, Bladder or Blood, get the Best.
Dr. David Kennedy's Favorite Remedy.
If you are suffering from kidney or bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urinate stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? If so, your kidneys or bladder are diseased."
Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is a sediment, or a cloudy, milky appearance, your kidneys are sick. Dr. David Kennedy's Favorite Remedy will surely relieve and cure the most distressing cases of these dread diseases, and no physician can prescribe medicine that equals it for kidney, liver, bladder and blood diseases, rheumatism, dyspepsia and chronic constipation.
Walter D. Miller, of Delhi, N. Y., writes: "I suffered for years with kidney trouble and severe pains in my back, at times it was so bad I could hardly walk. My stomach also was troubled and I frequently had two or three attacks of rheumatism. I suffered a great deal and received no benefit until I began the use of Dr. David Kennedy's Favorite Remedy. After taking it a short while it cured me."
It is for sale at all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.
Dr. David Kennedy's Golden Drops instant relief. Neuralgia, Rheumatism, Brains, Etc. 25c, 50c. Trial bottles free at F. D. Hall's and R. W. Smith's drug stores.

NEW YORK STOCKS.
(Special Wire to Porterfield & Co.)
Taking into consideration that this was the wind-up of the week and stocks bought in the early part showed profits of from 2 to 5 points a share, the market held remarkably strong in the face of the usual end of the week, realizing both home and abroad. The bank statement was viewed with indifference; in fact, it was not considered at all, with the exception of being dismissed with the remark that it was even better than expected. The attention of Wall street is now centered in the actual and practical features—features that were ignored when the atmosphere was hazy with the pessimistic utterances of the professional wreckers. Astute and shrewd investors, of course, were deaf to the lamentations of the bears, and as a result, were enabled to pick up stocks that already show them handsome profits. Wall street is almost as optimistic tonight as it was blue earlier in the week. Now attention is given entirely to picking out the most profitable investment, and in a few days the recent depression will be forgotten and the reader of this will forget that he neglected to catch the bottom, and will be among the market buyers. The stocks that present themselves most favorably to us are Coalters, Erie, Reading, Baltimore and Ohio, also Atchison and the Steel issues. We still believe in the regular dividend of the latter.

High Class Druggists AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

SUGGESTED BY THE NEW STYLE IN WOMEN'S GOWNS AS DICTATED BY THE DRESSMAKERS' CONVENTION AT CHICAGO.

TEN HOURS

Bloodhounds Chased Female Convict, Who Was Found in a Tree Exhausted and Almost Nude.

Valdosta, Ga., Oct. 3.—For ten hours yesterday Blanche Smith, a woman convict, was chased by bloodhounds. The woman succeeded in eluding the savage dogs until nearly nightfall, when she was forced to climb a tree to escape being torn to pieces. The guards found the woman sitting in a fork of the tree perfectly exhausted, while the bloodhounds were laying about the trunk.

The woman escaped from the convict camp early this morning and the dogs were immediately put on her trail. She took to the canebrakes along the river, and by doubling on her tracks kept the hounds at fault. When "treed" she was almost nude, her clothing having been torn from her by briars and canes.

Much indignation is expressed because the hounds were put on the woman's trail.

FORGED EXCUSE

From School, Then Little Paul Hastened to a Nearby Barn and Fired It.

Logansport, Ind., Oct. 3.—Forging an excuse to be absent from school long enough to set a barn on fire is an act charged against Paul Gross, aged nine. Young Gross proceeded to school as usual, but bore a written excuse to the teacher asking leave of absence for an hour. When the appointed time came the lad, it is said, hurried to the barn which had been selected for the purpose, struck a match and ignited a piece of paper, which he threw on a pile of straw. He hurried away as the flames began to envelop the structure and intended to go back to school, but the noise of the alarms and the clang of gongs proved irresistible to him and he returned to the scene. His guilty appearance caused Patrolman Miller to take the lad to the station, where he afterwards confessed.

HOBOS

Held Up and Robbed the Arresting Officer, but All Were Shot by a Sheriff's posse.

Annadale, Minn., Oct. 3.—In a fight yesterday between a posse and six tramps, one tramp was killed, one was mortally hurt and four were seriously wounded.

Sheriff Young, and Deputy Negent went to South Haven to arrest six tramps, who it is alleged, had robbed a number of stores. The sheriff found the men in a box car, but instead of surrendering peacefully, the tramps held up the sheriff and his deputy and relieved them of their firearms. The tramps then took to the woods, followed by several men. A number of shots were exchanged, between the fugitives and the pursuers, and finally the tramps were brought to bay. The posse opened fire on them with shotguns and all six of the tramps were shot. Dynamite and railroad torpedoes were found in the car in which they had been living.

PICKPOCKETS

JOSTLED THE STOCKBUYER AND ROBBED HIM.

A Suspect Arrested at Springfield—Victim of the Robbery Identifies the Prisoners.

Urbana, O., Oct. 3.—A daring case of pocket picking was practiced yesterday upon Alex. McBeth, a stock buyer and ex-county commissioner. Mr. McBeth boarded a traction car to go to Springfield. Three strangers soon after entered the car. McBeth stood on the platform. One of the strangers stood at McBeth's side. Soon the second stranger came, stating that it was too warm in the car. The strangers pretended to fall against Mr. McBeth and one of them ran his hand into Mr. McBeth's inside vest pocket and relieved him of his pocketbook. The stranger then asked Mr. McBeth if he had lost anything. In an instant the stock buyer missed his purse. He went home to see if he had left it there. Later he reported the loss to the police.

While McBeth was at home the car went to Springfield with the strangers aboard. Chief of Police McGree went to Springfield, after the pickpockets, and returned with two men. They say their names are Otto Henry, of Canada, and S. M. Smith.

Mr. McBeth's pocketbook contained several thousand dollars, there being two checks for \$1,300 and a note for \$1,300 and \$400 in currency. McBeth says he had been shadowed several days by the strangers, who registered at the Douglas Inn.

The men arrested have been identified as the same who touched Mr. McBeth's pocket. They will be examined today. Chief McGree declares that as soon as the men saw him coming in Springfield they commenced to run. The third member of the party escaped.

Young Busser, the broker, was also a victim of pickpockets. He lost his watch and chain and some money. Many other cases of pocket picking have been reported to the police.

ITALIAN FLAG

Flying Over a Workmen's Camp Had to be Lowered in Order to Prevent Violence.

Tamaqua, Penn., Oct. 3.—About two weeks ago a gang of foreign workmen, who have a camp near West Penn., a farming village, raised an Italian flag over their quarters. The farmers became indignant and demanded that the flag be removed. The Italians refusing to comply, a committee representing the farmers came here and laid the matter before the police officials, stating that unless immediate action was taken they would arm themselves and march on the camp. Chief of Police Hahn went to the camp and ordered the flag lowered, which was done under protest.

The Italian Consul at Philadelphia wrote to Chief Hahn asking him for full information regarding the matter. Hahn has replied, stating that he ordered the flag down because he feared the farmers would carry out their threat and that serious trouble would result.

BRITISHERS

Bearing Arms Will Enter Washington Next Week for the First Time Since Year 1814.

Washington, Oct. 3.—Armed British troops will enter this city next Thursday for the first time since August, 1814, when Admiral Cockburn's marines and General Ross's soldiers burned the White House, the capitol and the congressional library. This time they come on a peaceful visit to view the new and more splendid buildings which have been raised on the ashes left by their predecessors, and to accept the hospitality of the successor of President Madison, whom their ancestors forced, literally to take to the woods.

The Honourable Artillery Company of London and its host and offshoot, the Ancient and Honourable Artillery Company of Boston, will spend two days in the national capital. An informal reception will be tendered the members of both companies by President Roosevelt Thursday afternoon. They will be shown the public buildings, will visit the tomb of Washington at Mount Vernon, the national cemetery at Arlington, and if time permits, will witness a cavalry drill at Fort Meyer by troops of Uncle Sam's soldiers. Other features for their entertainment are being prepared. The Londoners are under the command of the Earl of Denbigh and Desmond, the colonel of the company.

Oxford, O., Oct. 3.—All Oxford will pay respectful tribute to Marshal He had been a member of the order for many years. Dr. T. J. Porter, pastor of the Presbyterian church who assisted in saving Joe Spivey's life and dispersing the mob, has called a meeting of all good citizens at the town hall on Sunday at 7 o'clock p. m. The object is to honor the efficiency, bravery and faithfulness of the wounded officers. The usual Sunday night services in all the churches have been declared off.

Limit Coal Supply.

Columbus, O., Oct. 3.—There is a general movement among the big coal companies dominating the great coal fields of Ohio to limit the production. These companies ascribe the shortage in cars as the cause, but others say that it is a scheme to justify an advance in prices. Five more are likely to follow soon. General Manager Guthrie of the Continental company, stated today that the Hoeking Valley railroad is unable to handle more than the product of ten of its twenty mines, and hence it is useless to undertake to operate twenty.

IN BALLOON

THESE YOUNG MEN START TO MAKE A LONG TRIP.

Carrier Pigeons Taken Along to Carry News of the Trip Back to Binghamton

Binghamton, N. Y., Oct. 3.—Two adventurous young men left here in Captain Carl Myers' gas balloon in the attempt to make a long distance amateur record. They are George T. Tomlinson and William H. Shackford, both of Syracuse. In a few minutes the airship was at an altitude estimated by Captain Myers as about one mile and slowly moving northward, and they maintained that direction until they were lost in the distance.

The balloon when last seen was near Chenango Forks, 11 miles. It is the design of the party to land at nightfall, making as long a trip as possible before that time. It is understood Tomlinson will write an account of the trip for a Syracuse paper. He has had considerable experience as an aeronaut. Shackford is a tailor and this is his first trip through the air. Accompanying them were three carrier pigeons, belonging to Captain Griffith, of Syracuse. These pigeons will be released at various points along the route and will return to their home in Syracuse carrying accounts of the voyage. The distance from Binghamton to Syracuse is 80 miles.

WEDDING

OF MISS RUTH BRYAN TAKES PLACE TONIGHT.

Event Will be Marked by Simplicity. The Guests Will be Very Few in Numbers.

Lincoln, Neb., Oct. 3.—Simplicity almost akin to informality will be the predominating feature of the wedding ceremony tonight at Fairview, the country home of William J. Bryan, when William H. Leavitt, the Newport, R. I., artist, will claim in marriage the hand of Ruth Bryan, daughter of the former candidate for the presidency. In accordance with Miss Bryan's wishes and those of her parents, the wedding appointments will be void of any attempt at elaboration. The witnesses will be limited to the Bryan family, members of Miss Bryan's society at the Nebraska university, the Delta Gamma, and two guests from out of town. The latter two will be the mother of the groom, Mrs. A. L. Leavitt, of Newport, and Mrs. E. A. Tanner, of Jacksonville, Ill. Mrs. Tanner is the widow of Dr. Tanner, who officiated at the marriage of Mr. and Mrs. Bryan.

The members of Delta Gamma will form a circle about the contracting couple and perform the Sorority marriage ritual after Chancellor Huntington has finished. Mr. Bryan will give away the bride.

Miss Bryan has prepared an elaborate trousseau, but at the wedding she will be gowned in a gray traveling suit, with velvet hat to match. Mr. Leavitt and his bride will depart tomorrow for a tour of the south and east, and which may be extended to Europe.

Later they will go to Newport to reside, the groom intending to open a studio and pursue his talent for art. Mr. Bryan has already made a substantial settlement upon his daughter, but the amount is not known.

Two hours after the marriage Mr. Bryan will depart from Lincoln for a month's absence in the east. Mr. Bryan announces that he will take the stump for the Democrats in Ohio, delivering a series of speeches under the auspices of Tom Johnson's committee, and later the former presidential candidate will go to New York to give his personal business matters his attention. It is then strongly probable that he will go to Europe for a trip long planned but never taken. In the latter event, Wm. Bryan, Jr., will accompany his father.

WOMAN

ACCUSED OF GRAND LARCENY IN NEW YORK.

Former Bookkeeper Now a Dentist's Wife is Arraigned Today for the Theft of \$2000.

New York, Oct. 3.—Mrs. Marie Layton Johnston, wife of Dr. Albert M. Johnston, a dentist of No. 163 Fifth avenue, was arraigned in the Jefferson police court today on the charge of grand larceny, preferred by the United States Playing Card company. It is said by the officials of the company that Mrs. Johnston's defalcations may reach \$50,000. The money was lost in Wall street speculation. The specific charge against Mrs. Johnston is the theft of \$2,000. Mrs. Johnston was formerly bookkeeper for the New York branch of the United States Playing Card company, and was also the private secretary of H. H. McKelcheon, secretary and treasurer of the company and manager of its New York office.

One transaction last November is cited by the officers of the company as typical of Mrs. Johnston's methods. On November 10 she deposited in the Hanover National bank to the account of the Cincinnati office, the sum of \$2,000. At the same time, she entered in her ledger as having deposited \$5,000.

The \$2,000 deducted in this transaction she is said to have taken for her own use.

Mrs. Johnston when arraigned today was remanded till next Tuesday afternoon by request of her lawyers. Bail fixed at \$10,000 was not forthcoming and the woman was locked up. Mrs. Johnston refused to make a statement to the reporters. To the court she said that she was born in Topka, Kas., and that her present home was in Larchmont, N. Y. Mrs. Johnston's husband is a fashionable dentist.

Washington, Oct. 3.—A press censorship has been established at the war department. Lieutenant Colonel H. A. Greene, secretary of the army general staff, who at one time was press censor in Manila, has been given similar duties at the war department. General staff officers are convinced that too much army news has in the past been given to the public by officers stationed at the war department and have determined, if possible, that nothing pertaining to the work of the general staff shall be printed without having first been scanned by Colonel Greene. The order is severely criticized by many of officials as tending to increase exclusiveness.

Baltimore, Oct. 3.—Benjamin F. Zimmerman, aged 81, who was the oldest grand master of the Independent Order of Odd Fellows, died yesterday after an illness of about four months. Woodruff and Deputy Mastered Sunday over fifty years.

Columbus, O., Oct. 3--R. E. Hall, of Brooklyn, N. Y., representing a Zanesville, Ohio, concern, was arrested last night by Detectives Owens and Wolf, to answer to a charge of using the mails to defraud. The prisoner was turned over to Deputy United States Marshal Bauer.

Detectives Owens and Wolf were in Newark Friday after a bicycle thief, and while there learned that Hall was wanted. They got a description of the man.

They were told also that E. W. Wickham was attorney for Hall in an embezzlement case in which the latter is under indictment in Delaware, and when they saw Lawyer Wickham on the train they decided to shadow him, with the hope that he might have an engagement with Hall. Their conjecture was all right, and at the Davidson Hotel they caught their man.
